WORK EXPERIENCE

OBI CREATIVE   Mar. 2018 - Dec. 2018

Used Drupal and Wordpress to build websites for clients from banking and insurance to non-profits

Provided UI/UX feedback to designers and enhanced capabilities with micro-interactions

Ran assessments on SEO, page performance and user behavioral data

INTEGER GROUP   Feb. 2018 - Jan. 2018

Maintained and developed projects built in PHP for clients.

Integrated systems and refactored existing ones bringing overall reliability of services up to 99.999%

Led research projects in experimental technology for marketing purposes including Virtual Reality, 360 videos, geolocation and real-world data collection techniques

Implemented Scrum/Agile and other tools eliminating eight man-years of development inefficiencies

FAREWAY STORES   Aug. 2018 - Feb. 2018

Built internal tools, documentation and training programs for a department modernization effort

Participated in design committees, providing UI/UX feedback from questionnaires
